

A very HAPPY and HEALTHY New Year to you all
Yesterday we received the GOOD NEWS that the RADSPA DA
No.16/0745 for the development of the Robertson Aquatic Centre
has been APPROVED

The Property is now ready for development subject to approval of
a Construction Certificate. Already our Draftsman John Webb,
Engineer David Thomas and Landscaper Brendan Smith are
working on a quick turn around to lodge the CC soon

There are many people to thank for their support during this
process and we have done that over the past two days

Your new Committee will meet next Tuesday to develop Sub
Committee's to assist in the development and operational
functions of the Aquatic Centre

Next week subject to Committee approval RADSPA with contract
a Project Manager to pull together all suppliers for the project

We have a number of members who have offered their support
for the following Sub Committee's

- Fund Raising
- Social & Entertainment
- Construction
- Landscaping/Garden construction
- Internal and External Decorating/Painting
- Publicity

If you wish to contribute to any of the Sub Committees please
advise with full contacts and any prior experience

Looking forward to more good follow up news shortly

Best regards
Don Ferguson
